Any Gift, Any Store, Any Site!

About MyGiftList.com™

MyGiftList.com offers online shoppers a full range of free services related to gift-giving for any occasion. MyGiftList.com makes it incredibly easy for members to find and share gift ideas and to purchase gifts online for Christmas, birthdays, anniversaries and other gift-giving occasions. In addition to our universal gift registry, we also offer reminders, greeting cards, message boards, and suggestions for gift ideas.

Our online gift registry is universal, meaning members are not limited to a specific list of stores - instead they can buy any gift from any store for any occasion. And, with our *Add to MyGiftList* button, it is easy for members to add items to their personal gift lists as they surf the web.

Online gift lists are easy to set up and fun to share - in a few minutes, members can establish a "gift list network" with their friends and families. Today it is difficult to not only remember every special occasion but to also find the best gift. At MyGiftList.com, every member becomes a Gift Hero™.

Affiliates

MyGiftList.com also offers an Affiliate Program for E-Commerce and service-oriented sites. Our program has various levels so that affiliates can participate at

a level which complements their online strategy and enables them to develop a more customer-focused site. MyGiftList.com Affiliates can offer their customers access to the most versatile, private online gift registry available without having to expend valuable time and staff resources.

Affiliates can also take advantage of viral marketing tools which allows them to keep their branding in front of their customers. And, because of our unique Viral Co-Branding™ technology, MyGiftList.com Affiliates are able to increase visibility to their customers and reach other online shoppers.
